Leadership is a universal skill

The organizational leadership degree is ideal for paraprofessionals because it benefits you in two critical career areas.

The degree is the first step to becoming a teacher; however, it will also equip you with the essential skills to be qualified for other roles within your district and many opportunities within the private sector.

In a way, you are “future-proofing” your credentials, which will vastly increase the doors to new opportunities.

Financial Aid Information

The University of Mary Hardin-Baylor offers financial aid awarded based on demonstrated need, as determined by the Free Application for Federal Student Aid (FAFSA).

All financial aid is granted for no more than nine months. If the student is in good academic standing, financial aid is renewable each year upon reapplication (completion of the FAFSA). Changes in funding levels and applicants' financial data may affect the amount of aid granted each succeeding year.
